

MORE than just another SUMMER JOB!

SUMMER of SERVICE

If you are pursuing a career in education, recreation, ministry, social work, health care or any other service-related field, then a summer at camp can provide valuable hands-on experience that, along with the "service" aspect, looks good on your resume.

GAIN PRACTICAL SKILLS IN:

LEADERSHIP TEAM WORK - COLLABORATION BEHAVIOR MANAGEMENT
PROBLEM SOLVING FACILITATION PROGRAM PLANNING & IMPLEMENTATION

In addition, working at summer camp can be an amazing experience! You can expect hard work, long hours, challenges, joy, laughter, significant relationships and good training. Together we work to put our faith into action, build Christian community and make a difference in the lives of the young people we serve. Learning about and caring for God's creation is one of our goals, and most of our time is spent outdoors in sunshine, fresh air and tall oak trees!
